NEW MICHIGAN TRANSFER AGREEMENT
Recommendations for the newly named Michigan Transfer Agreement:

To fulfill the Michigan Transfer Agreement, students must successfully complete at least 30 credits, with at least a 2.0 in each course. These credits, which will be certified by a Michigan community college, should be met according to the following distribution:
• 1 course in English Composition
• A second course in English Composition or 1 course in Communications
• 1 course in Mathematics
• 2 courses in Social Sciences (from two disciplines)
• 2 courses in Humanities and Fine Arts (from two disciplines and excluding studio and performance classes)
• 2 courses in Natural Sciences including one with laboratory experience (from two disciplines)

Editorial Note: if these courses do not add up to 30 hours then the student must take an additional course from one of these groups.

A history of how this started:
In 2012 the Michigan legislature included boilerplate language in the community college appropriations bill that focused on improving the transferability of core college courses by revising the current Michigan Association of Collegiate Registrars & Admissions Officers (MACRAO) agreement. The language created a committee that included 5 community colleges representatives, five individuals from the public universities, and four legislators (two from each chamber). The legislation also required an interim report in March 2013 and a final report in September 2013.
