Michigan Transfer Agreement

Students who have successfully completed the MTA as certified by a Michigan community college will have 30 transfer credits applied as a portion of our core General Education. While we will continue to evaluate coursework for individual transfer equivalencies, the intent of the MTA is to satisfy core general education categories. It is not necessary for courses to transfer as direct equivalents in order to be included in a completed MTA, and the MTA will not waive prerequisites for advanced courses that have not been met.

To fulfill the Michigan Transfer Agreement, students must successfully complete at least 30 credits, with at least a 2.0 in each course. In addition, courses which are not transferrable, such as those that are below college level or technical/vocational in nature shall not be included. These credits, which will be certified by a Michigan community college, should be met according to the following distributions:

**Required MTA concentrations:**

- 1 course in English Composition
- A second course in English Composition or 1 course in Communications
- 1 course in Mathematics (see “Next Steps” section for more information)
- 2 courses in Social Sciences (from two disciplines)
- 2 courses in Humanities and Fine Arts (from two disciplines excluding studio and performance classes)
- 2 courses in Natural Sciences including one with laboratory experience (from two disciplines)

**Recommendations for UM-Flint’s Implementation:**

For UM-Flint, the suggestion is to transfer 30 credits. With this they will have completed the following General Education Requirements:

- English Composition
- Social Sciences
- Humanities
- Finance and Quantitative Literacy
- Natural Science with Lab
- First Year Experience

Remaining UM-Flint General Education Credits would include:

- Global Studies
- Fine Art
- Health and Well Being
- Technology
- Capstone
