AGENDA

I. MEETING SCHEDULE

II. CE IMPLEMENTATION GRANT PROGRAM
    A. Funding amount increase
    B. Funding guideline changes
    C. CAMPUS CONNECT ANNUAL SURVEY
       ▪ The survey asks our campus to report on service-learning courses and co-curricular service programs (including number of participants, impacts on issues, etc.) as well as other aspects of civic engagement at our institution.
       ▪ Since UM-Flint has responded to this survey, University Outreach coordinated data compilation efforts (reaching out to other campus stakeholders as needed) and submission.
       ▪ During one of our September staff meetings, Provost Knerr indicated that he may be interested in having a campus-wide committee support the data compilation.
